

List of Ordering Companies

1

Company name	Akevono Kohgyo Co., Ltd			Address	Anjo City, Aichi Prefecture
Capital	34 million Yen	Number of employees	80	URL	http://www.akevono.co.jp
Main products and processing details, etc.	<ul style="list-style-type: none"> Automobile component mass production process, car component prototyping, general machinery parts, semiconductor robot part processing Jig (single item), jig processing kit, overhaul equipment, installation kit, machining operation, environmental device, etc. 				
Requests for subcontracts and processing subcontractor, etc.	<p>We want to purchase finished products for round shape items in general (including NC and MC).</p> <p>[Required equipment] NC lathe, combined lathe, 3.4.5 axis MC</p>				
Other requirements	Q / C / D management and the prompt quotation.				

2

Company name	Kayou Kinzoku Co., Ltd			Address	Gifu City, Gifu Prefecture
Capital	10 million Yen	Number of employees	15	URL	https://www.kayou-group.com/
Main products and processing details, etc.	Nonferrous metals wholesaling, processed product sales				
Requests for subcontracts and processing subcontractor, etc.	<p>Sheet metal such as SUS, AL, iron, welding, cutting, can making, pressing</p> <p>[Required equipment] Turret punching press, laser, press brake, welding machine</p>				
Other requirements	Quality control system				

3

Company name	Kito Seiki Seisakusho Co., Ltd			Address	Toyota City, Aichi Prefecture
Capital	20 million Yen	Number of employees	45	URL	http://www.kitouseiki.co.jp/
Main products and processing details, etc.	Prototype automobile parts, machine tool parts, aerospace component, construction machine parts, mold component, automatic winding machine, etc.,				
Requests for subcontracts and processing subcontractor, etc.	<p>Ordered items :</p> <p>Round items (shafts, spindles, etc.) Squares items (plates, subasers, housings, etc.) Machining content: lathe, machining, polishing</p> <p>[Required equipment] Guarantee of tolerance values, dimension of products and the content processed, inspection data entry required</p>				
Other requirements	We are looking for companies that can work positively and continuously.				

4

Company name	Takahashi Group Co., Ltd			Address	Nagahama City, Shiga Prefecture
Capital	98.32 million Yen	Number of employees	280	URL	http://www.takahasi-k-group.jp
Main products and processing details, etc.	Industrial machine for precision press products, sheet metal parts, pipe processing & assembled and completed kit				
Requests for subcontracts and processing subcontractor, etc.	<ul style="list-style-type: none"> Press processed components (agricultural equipment parts, etc.) Mold production <p>[Required equipment] Various press machines, various welding machines (CO2, spot machines, etc.) Metal mold machining equipment</p>				
Other requirements					

5

Company name	Takuma Co., Ltd			Address	Minato-ku, Tokyo
Capital	13,376,745 Yen	Number of employees	815	URL	http://www.takuma.co.jp
Main products and processing details, etc.	Waste incineration facilities, etc.				
Requests for subcontracts and processing subcontractor, etc.	Refuse burning plant, ducts in such as boiler power generation plant, duct support, hopper, chute, conveyor, multi-cyclone, etc.,				
Other requirements					

6

Company name	Toshin Co., Ltd.			Address	Ogaki City, Gifu Prefecture
Capital	98 million Yen	Number of employees	84	URL	http://www.cstoshin.co.jp
Main products and processing details, etc.	Manufacturing and selling packaging processing machines (slitters, rewinders, etc.)				
Requests for subcontracts and processing subcontractor, etc.	Lathe processing (shaft / roller) Φ75 ~ 150 L800 ~ L1800mm (shake, static balance required) [Required equipment] NC lathe				
Other requirements	Low price and quick delivery				

7

51

Company name	Nagoya Seisakusho Co., Ltd			Address	Aichi Prefecture, Nagoya City
Capital	10 million Yen	Number of employees	105	URL	http://www.nagoyamfg.co.jp
Main products and processing details, etc.	▪ High voltage switches ▪ Various industrial machines of processing sheet metal ▪ Car washer ▪ Control panel				
Requests for subcontracts and processing subcontractor, etc.	From material procurement to assembly and testing of large-size equipment [Required equipment] Cranes over 10 to 20 tons, factory space				
Other requirements					

8

52

Company name	Nitto Seiki Sangyo Co., Ltd.			Address	Toyota City, Aichi Prefecture
Capital	20 million Yen	Number of employees	50	URL	http://www.nitto-seiki.co.jp/
Main products and processing details, etc.	▪ Precision mold ▪ Tool manufacture and sales				
Requests for subcontracts and processing subcontractor, etc.	Precision jigs (shafts, collets, etc.) [Required equipment] Lathe, milling, grinding, wire, electric discharge, etc.				
Other requirements	Compliance with delivery deadlines and quality standard ※Please contact the secretariat if you wish to have detailed documents.				

9	54				
Company name	Fukae Special Steel Co., Ltd			Address	Fukuyama City, Hiroshima Prefecture
Capital		Number of employees	110	URL	http://www.fukae.co.jp
Main products and processing details, etc.	Structural steel, tool steel, special steel, stainless steel, aluminum, single part, manufacturing and selling secondary fabrication products				
Requests for subcontracts and processing subcontractor, etc.	Plate processed products such as SS and SKD [Required equipment] Machining (Vertical / Horizontal), 5-sided machining equipment				
Other requirements	Short delivery times				

10					
Company name	Rikoh Electrics Co., Ltd			Address	Shinagawa-ku, Tokyo
Capital	30 million Yen	Number of employees	85	URL	https://rikohdenki.jp/
Main products and processing details, etc.	Machinery ・ electronics ・ automobile ・ aerospace ・ manufacture on assignment of medical equipment field, component processing, automatic machine ・ inspecting machine ・ Designing and Manufacturing Control panel				
Requests for subcontracts and processing subcontractor, etc.	①Cutting products (corner / round) ②Cable harness processed products ③Automatic machine designing and manufacturing ④Control panel designing and manufacturing [Required equipment] A list of equipments and testing equipments.				
Other requirements	①Technicians whose on-site presence is required ②QCD cooperation available ③Long trade cooperation is required ④Business talk with a trading company				

11	57				
Company name	N-TECH Co., Ltd			Address	Fukuyama City, Hiroshima Prefecture
Capital	10 million Yen	Number of employees	30	URL	http://www.ntech-co.com/
Main products and processing details, etc.	Various metal parts production				
Requests for subcontracts and processing subcontractor, etc.	・ Iron: From quenching polishing to plating ・ AL, SUS: High precision parts that require good appearance [Required equipment] MC, polishing, NC lathe				
Other requirements	High awareness of quality				

12	58				
Company name	HORKOS Co., Ltd			Address	Fukuyama City, Hiroshima Prefecture
Capital	85 million Yen	Number of employees	830	URL	http://www.horkos.co.jp
Main products and processing details, etc.	Machining tool, environment improving apparatus, manufacturing and selling apparatus of building equipment				
Requests for subcontracts and processing subcontractor, etc.	SUS sheet metal ・ can, SS can (finish plating) 、 SUS t 1.0~4.0 pickling ・ polishing ・ coating Flaring, burring, R-bending of pipes Machine tool parts : Shaft Φ17 ~ 30 processing (heat treatment, roughing and finish machining) [Required equipment] Combined machine (laser, saucepan), press brake, iron worker, roll shearing, general-purpose lathe, milling machine, metal saw, 1 set of piping machine Shaft machining: lathe, internal / external grinding machine, machining center				
Other requirements	If possible, not a partner company of our competitors.				

13

Company name	Taisei Plas Co., Ltd			Address	Aichi Prefecture, Nagoya City
Capital	19.6 million Yen	Number of	180	URL	http://www.aisei-plas.co.jp/
Main products and processing details, etc.	Manufacturing plastic products for automotive parts				
Requests for subcontracts and processing subcontractor, etc.	Blow-molded article ①Metal ②Machining jig Automated equipment ①Inspection camera				
Other requirements					

53

Company name	Namekawa Co., Ltd			Address	Osaka-shi, Osaka
Capital	89.98 million Yen	Number of employees	110	URL	http://www.namekawa.co.jp/
Main products and processing details, etc.	<ul style="list-style-type: none"> ▪ Selling cutting processed goods, aluminum, and aluminum alloys ▪ Manufacturing and selling non - ferrous metallurgy such as copper elongation goods ▪ Designing, manufacturing, and selling cutting machines and dedicated machines 				
Requests for subcontracts and processing subcontractor, etc.	Processed non-ferrous metals such as aluminum Semiconductor, liquid crystal, and other industrial equipment [Required equipment] 5-axis machine, combined lathe, other machining, etc.				
Other requirements					

55

Company name	Moritani Co., Ltd Osaka Branch			Address	Osaka-shi, Osaka
Capital	810 million Yen	Number of employees	503	URL	
Main products and processing details, etc.	Industrial machinery, Electrical/electronic equipment, Environment protecting machine, Measuring・Inspecting equipment, transportation equipment, iron and steel・non-ferrous metal, environment-related products, etc.				
Requests for subcontracts and processing subcontractor, etc.	Equipments relating to gas turbine, power generation, processing machines, processing subcontracting, control panel manufacturer, can manufacturing / pressure vessel manufacturer				
Other requirements					

56

Company name	Koyo Thermo Systems Co., Ltd			Address	Tenri City, Nara Prefecture
Capital	450 million Yen	Number of employees	500	URL	http://www.koyo-thermos.co.jp/
Main products and processing details, etc.	Manufacturing and selling industrial heat treatment device and moldatherm heaters				
Requests for subcontracts and processing subcontractor, etc.	Large cans manufacturing, machining (large lathe, portal type, etc.) [Required equipment] Welding machines, machining mequipment, etc.				
Other requirements					

59

Company name	Shimadzu Industrial Systems Co., Ltd			Address	Otsu City, Shiga Prefecture
Capital	100 million Yen	Number of employees	150	URL	http://www.shimadzu.co.jp/emit/
Main products and processing details, etc.	Valve actuator, Vacuum Pump				
Requests for subcontracts and processing subcontractor, etc.	<ul style="list-style-type: none"> ▪ Machining casting (ADC) ▪ Axial machining, worm form rolling [Required equipment] <ul style="list-style-type: none"> ▪ MC ▪ Lathes and rolling machines 				
Other requirements					

60

Company name	Kabuto Platec Co.,Ltd			Address	Higashiibaraki-gun, Ibaraki
Capital	10 million Yen	Number of employees	65	URL	http://www.kabutoplatec.co.jp
Main products and processing details, etc.	Medical instruments, heavy electric, semiconductor, engineering plastic for food machinery, super engineering plastics; bending, bonding, welding precision machining (cutting) such as commodity plastic				
Requests for subcontracts and processing subcontractor, etc.	Various plastic machined products Precision machining, bending, bonding, welding, engraving, printing, etc. [Required equipment] NC lathe, compound lathe, MC, MC 5 axis, heater, welding machine, etc. Measurement with a three-dimensional measuring machine, etc.				
Other requirements	We seriously consider prompt responses.				

61

Company name	MAXIS Engineering Inc.			Address	Aichi Prefecture, Nagoya City
Capital	70 million Yen	Number of employee	465	URL	
Main products and processing details, etc.					
Requests for subcontracts and processing subcontractor, etc.	Machining and sheet metal products used for dedicated equipment (assembling equipment, jacking device)				
Other requirements	Business matching with a Vietnamese machining company
