# Exhibition Hall - Index by industrial sectors

Click to switch industrial sector

The screenshot shows the T-Messe2021 website interface. At the top, there is a navigation bar with 'T-Messe2021' and search options. Below it is a grid of zone tabs (ゾーン01 to ゾーン08). The '航空機関連' (Aircraft Related) sector is highlighted in orange. Below this, the 'サブゾーン名1' (Sub-zone name 1) section displays a grid of booth thumbnails. A callout box on the right side of the grid provides a legend for the thumbnail components:

- ③ Booth thumbnail (Company logo)
- ① Booth number
- ② Booth title (Company name)
- ④ Booth blurb

will be displayed here. (Refer to p.11)

At the bottom of the page, there is a footer with 'powered by MESSE' and '©TOPPAN PRINTING CO., LTD.'.

# How to set up your virtual booth

There are 3 booths ready for you to create in Japanese, English and Chinese. It is mandatory for every exhibitor to create a Japanese booth. You can start from any of the booths. Here we show you an example starting from a Japanese booth.

When you want to switch the display language, select a language from the pull-down at the upper right corner of the login screen

When you want to set up/edit English or Chinese booth, select the booth from the pull-down menu.

Japanese

Click the **details button** to setup Japanese booth

Login with your ID and password.

- ① Japanese booth Basic Settings Register information of your company.
- ② Japanese booth Article Registration Register information of products/solutions including images, videos, PDFs.
- ③ English booth Basic Settings Article Registration Register information in English. \*The process is the same as for Japanese booth.
- ④ Chinese booth Basic Settings Article Registration Register information in Chinese. \*The process is the same as for Japanese booth.
- ⑤ Preview your booth Modify your booth if necessary.

**Sep 27 : Booth Setup Deadline**

You can set up the features below at any time after the pre-opening. Please test these features during the pre-opening period.

※ Detailed manual for these functions will be available around pre-opening day.

⑤ Meeting room settings

⑥ Chat settings

⑦ Visitor Log settings

# ① Booth's basic settings

ブース基本設定

ブース管理 > TOPPAN S-VALUE™ Packaging > ブース基本設定

① ブース番号 **必須** 01

## ② Article registration (Link for a YouTube video)

You can embed videos that are already uploaded to YouTube on your virtual booth.

This is how you can find the embed link/URL for a YouTube Video:

Click on the **Share** link while on the YouTube video page then click on the **Embed** icon.

Copy the URL from the embed code.

# ③ Booth settings in English and Chinese

Set up English booth and Chinese booth by the process same as for Japanese booth.

## 1) Select a booth on the top page.

Select English booth or Chinese booth from the pull-down menu.

- 01(ja) Japanese booth
- 02(en) English booth
- 03(ch) Chinese booth

Click the **details button** for basic settings and article registration.

## 2) Basic settings and article registration

※ The edit screens of English booth and Chinese booth are displayed in the corresponding language.

Basic settings

Article registration

※ Translation into English and Chinese should be done by each exhibitor. If you are not creating English booth or Chinese booth, please make the following setting.

**Check** the Display the default language (Japanese) box and click the **Save** button in the basic settings screen. (If you check the box, you will not be able to edit the booth nor preview the page.)

The contents displayed in Japanese booth will be displayed in English/Chinese booth in Japanese.

Please avoid leaving booths empty.

# ④ Preview your booth

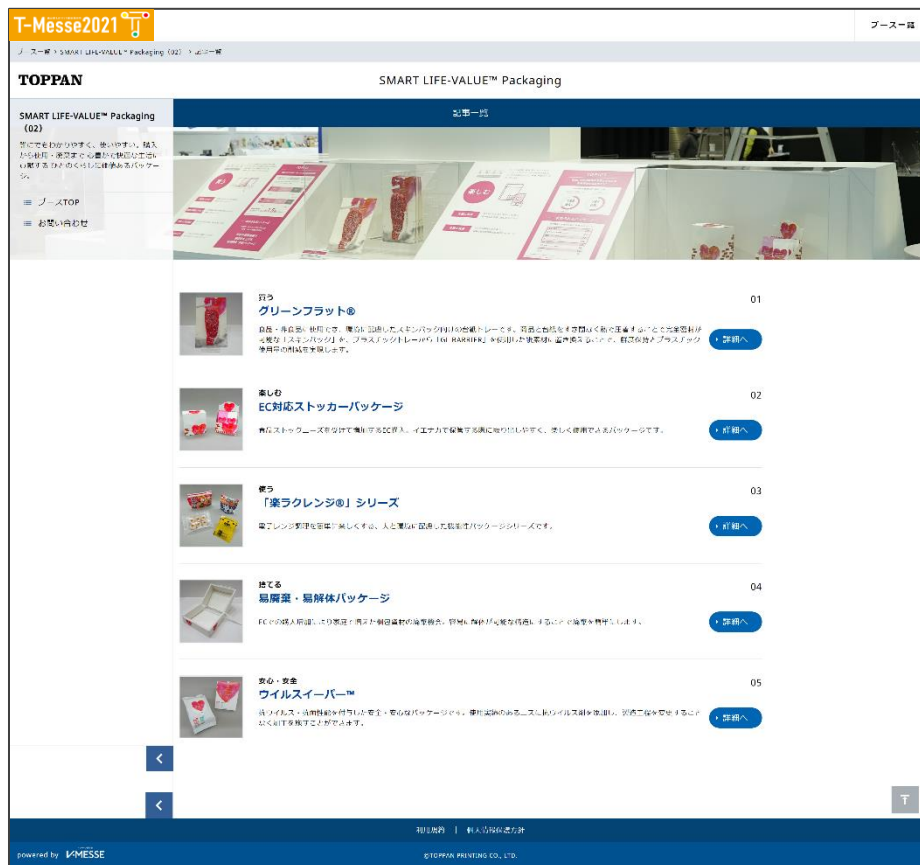

Check on the preview screen how your booth will look like.

Click **Preview** button to check each booth.

## Preview screen

# ⑤ Meeting room settings

## 1) Booth management / Booth's basic settings

If you want to use video meeting feature, please make sure to set the function ON in the basic settings of each language booth.

Make sure "Use video meeting feature" is ON.

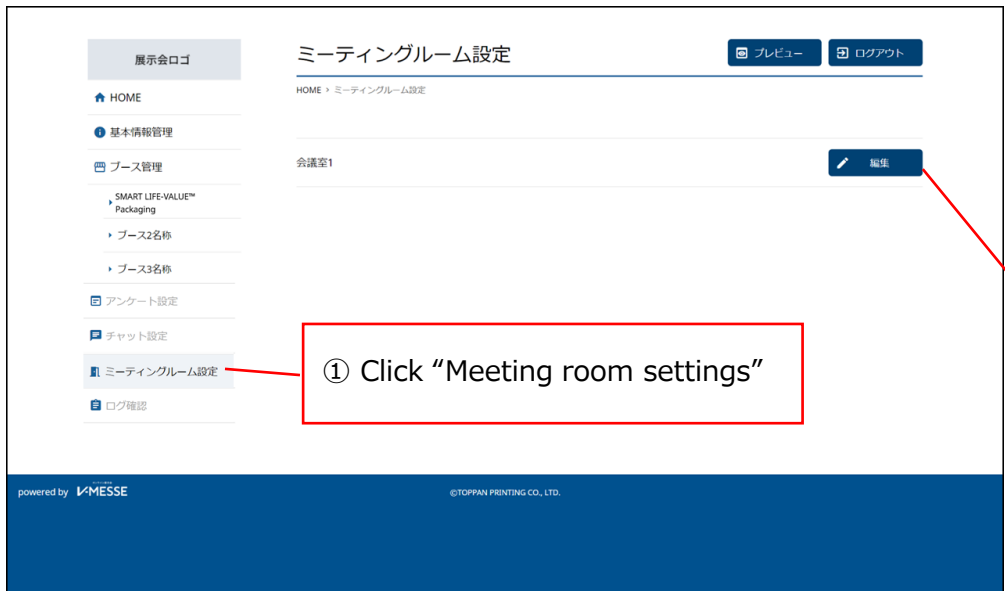

Click the Save button

## ⑤ Meeting room settings

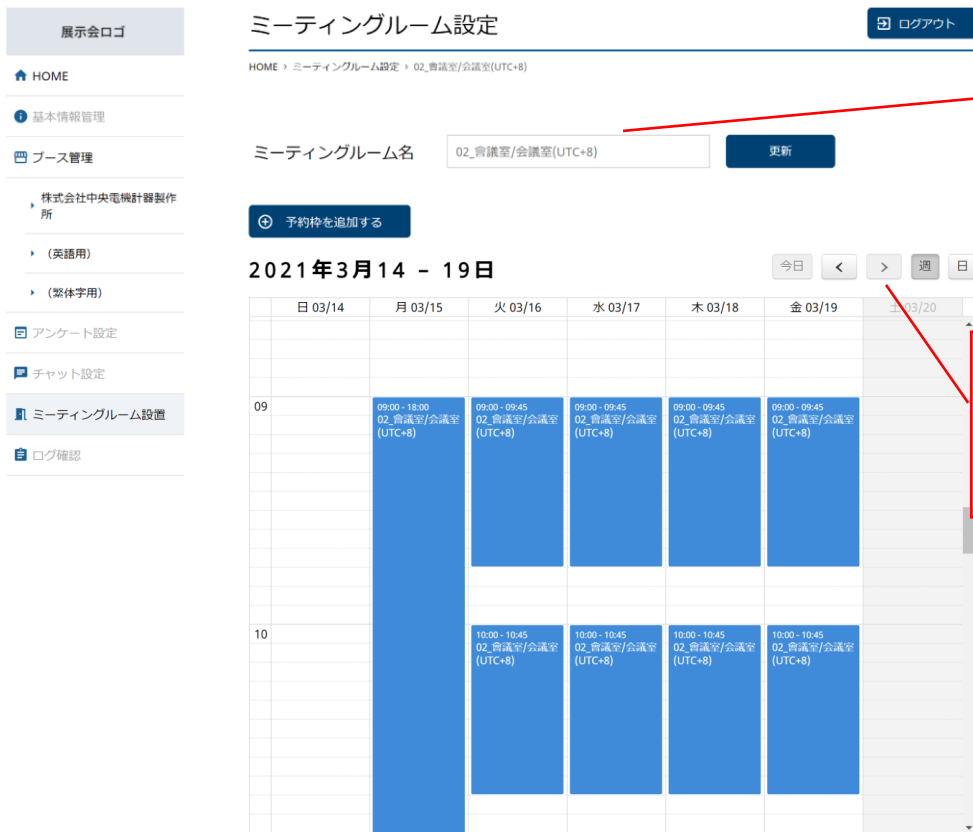

Set your available time frames.

※You can modify the meeting room settings anytime after pre-opening until November 30<sup>th</sup>.

### 2) Meeting room settings / Meeting room list

### 3) Meeting room settings / Reservation calendar

## ⑤ Meeting room settings

### 4) Meeting room settings / Add an time frame for a meeting

The screenshot shows the 'ミーティングルーム設定' (Meeting Room Settings) page. The meeting room name is '02\_会議室/会議室(UTC+8)'. A red box highlights the '予約枠を追加する' (Add appointment time slot) button with the instruction: '① Click "Add appointment time slot"'. Below the button is a calendar for March 14-19, 2021. The left sidebar contains navigation options like 'HOME', '基本情報管理', and 'アンケート設定'.

The screenshot shows a modal dialog for setting a time frame. It includes fields for '日付' (Date), '開始時刻' (Start time), and '終了時刻' (End time). A red box highlights the '登録する' (Register) button with the instruction: '③ Click Register button, and the added time frame will be displayed on your calendar.' Another red box highlights the date and time selection area with the instruction: '② Set a time frame by specifying date and time slot when you are available.' The background shows the calendar from the previous screenshot.

### 5) Meeting room settings / Edit or delete time frames

The screenshot shows a modal dialog for editing or deleting a time slot. It includes fields for '日付' (Date), '開始時刻' (Start time), and '終了時刻' (End time). A red box highlights the '保存する' (Save) button with the instruction: '[to make changes] Change the date and time and click Save button.' Another red box highlights the '削除する' (Delete) button with the instruction: '[to delete] Click Delete button.' The background shows the calendar with a selected time slot.

## ⑥ Meeting room operation

When someone has reserved one of your time frame, enter the meeting room from your reservation calendar.

※ Meeting request is acceptable until 10 minutes before the start time of a time frame.

### 1) Meeting room settings / Reservation calendar

Time frames are color-coded according to reservation status.

The screenshot displays the 'ミーティングルーム設定' (Meeting Room Settings) page. The main content area shows the meeting room name '02\_会議室/会議室(UTC+8)' and a '更新' (Update) button. Below this is a calendar for the period '2021年2月7 - 13日'. The calendar grid shows time slots for each day. Four red boxes with arrows point to specific time slots on the calendar:

- A: Past time frame / Reserved** (09:00 - 09:30, grayed-out)
- B: Past time frame / Not Reserved ※Grayed-out** (09:30 - 10:00, grayed-out)
- C: Future time frame / Reserved →Refer to the next page** (10:00 - 10:30, blue)
- D: Future time frame / Not Reserved → Refer to the next page** (10:30 - 11:00, blue)

The footer of the page includes 'powered by MESSE' and '©TOPPAN PRINTING CO., LTD.'.

## ⑥ Meeting room operation

2) Following windows will appear when you click a time frame in the reservation calendar.

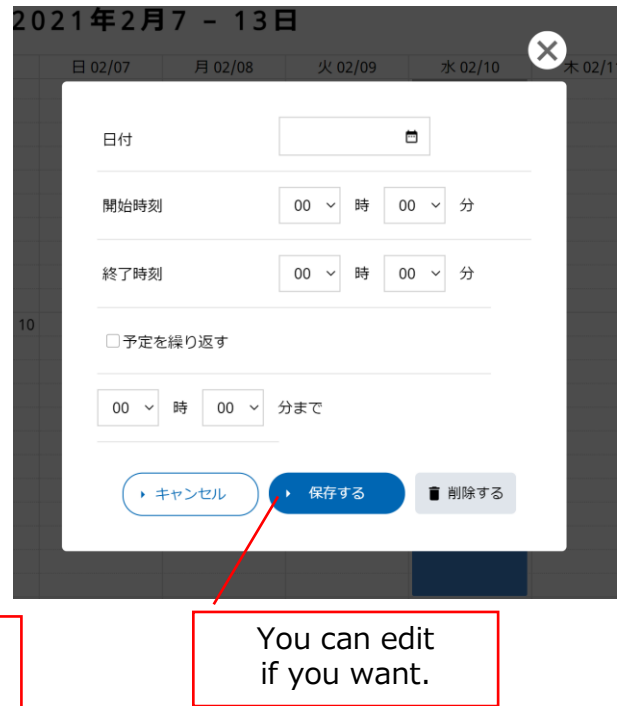

### C: Future time frame / Reserved

You can view the details of the visitor who reserved the time frame.  
The time frame is undeletable.

### D: Future time frame / Not reserved

You can edit or delete the time frame.

Entry button will appear 10 minutes before the appointment time.  
**Click here to start a video meeting (Refer to below )**

### 3) Waiting Room Screen

When you click "Entry" button on the reservation calendar or when you click the shared URL, following window will appear.

# ⑥ Meeting room operation

## 4) Meeting room window

There is no need to install a specific app to use this feature.

※ Please note that this feature is not available on Internet Explorer.

# FAQ

1. How many ID and password can we get?  
⇒ ID and password will be issued one for each exhibitor. There is no exception.
2. Is it possible that more than one person log-in at the same time?  
⇒ Yes, multiple persons can log-in with the same ID and password at a time.  
Please share the ID and password among staff.
3. Are participants in a video meeting room limited to one person per ID?  
⇒ Yes. If more than one person wants to join a meeting room from your company, one person can use the exhibitor ID and the rest of the staff should register individually as a visitor and enter the meeting room with the visitor ID.
4. Do I have to create all 3 booths: in Japanese, English and Chinese?  
⇒ Creating Japanese booth in Japanese is mandatory. Creating English booth and Chinese booth are optional. If you are not creating English or Chinese booths in English or Chinese respectively, check the Display the default language (Japanese) box in the booth's basic setting. (p. 15)
5. Can we modify the contents in our virtual booth during the virtual exhibition?  
⇒ Yes, changes that you made will be reflected on your booth on every Monday and Thursday. Please note that those changes will not be reflected immediately.
6. What should we do if there are days or times when we cannot respond to chat messages?  
⇒ You can set up a text message to be sent automatically to anyone trying to contact you while your booth is not staffed. Please set the absence message function to "ON" in the chat setting screen.
7. Will I be notified by email when a text chat arrives?  
⇒ Yes, if you register your email address in advance. (How to do it will be explained to you later in the next manual.) When you receive a notification, please reply to the chat on the management screen of your booth.
8. Can we block specific time frames so that no one can request video meeting?  
⇒ No, you cannot block your inconvenient time frames. You can set your available time frames.
9. What is the maximum size of a video that can be uploaded?  
⇒ There is no limit to the capacity.
10. How many articles can we register in our booth?  
⇒ There is no limit to the number of articles you can register.
11. Can I browse other exhibitors' booths during the pre-opening period?  
⇒ Yes, it is planned that you will be able to browse other exhibitors' booth as a visitor.
